Enclosure

At paragraphs 8-9, the Order provides that, pursuant to Section 1.87 of the Commission's Rules, Access.1 may file a statement not later than June 27, 2005, showing why its license should not be modified, and that the basis for such a showing could be a statement of intent to file an application for a construction permit to increase the antenna height of KYKX to at least 451 meters HAAT or the equivalent, by a date within 180 days subsequent to June 27, 2005.

Access.1 hereby advises the Bureau that it intends to file an application for a construction permit to increase the antenna height of KYKX to at least 451 meters HAAT or the equivalent within 180 days of June 27, 2005, and, therefore, its license should not be modified.

Respectfully submitted,
